

ASPAC Developments Open Sales Center for "River Green"

Thanks to Studio Snaidero Vancouver, Snaidero USA has the honor of being the kitchen and bath supplier for River Green, the new residential project by ASPAC Developments in Vancouver, British Columbia.

The property, whose sales center has just opened, will be a vibrant community of 2,000 riverfront homes located across the water from the multicultural Canadian city, which is considered one of the world's best places to live. The entire neighborhood will be built with tiered residences stepping down to the water, to maximize the dramatic views of the river and the snow-dusted peaks surrounding the area. The homes are designed to meet the criteria for a LEED Silver rating and will feature Snaidero's Orange kitchen cabinetry and bathrooms from the Snaidero USA Living Collection. Construction is set to begin in late 2011.

Trump Very Happy with Snaidero USA's Service

Snaidero USA and its dealer, Studio Snaidero Chicago provided the kitchens for the now completed Trump International Hotel and Tower in Chicago. Here is what Mr. Donald Trump had to say about our product and service.

It's an AIA Design Award for the Lacey Condos Featuring Snaidero

The Lacey Condominiums, one of the residential buildings of the Washington, DC area featuring Snaidero kitchens, has won a Design Award from the American Institute of Architects, Northern Virginia Chapter. Concrete walls, a solid steel framework, and transparent glass panels create the bold, intriguing look of this project by Division1Architects. Our local dealer, Studio Snaidero DC designed and installed the kitchens for the condos.

Fashion and Kitchen Design Mix at Studio Snaidero DC

Studio Snaidero DC was the set of a fashion photo shoot for Washington Life magazine's "Interior Motives" Spring Trend Report. Two of the showroom's most stylish kitchens, Ola in Dream Blue metallic lacquer, were used as backdrop for the shoot. Fashion and high-end Italian kitchens...a white match!

Wishes for a Happy 4th of July!
