

Venus Adds Some Spice to Long Island Kitchen

Here's a look at our latest Venus installation, by Studio Snaidero Long Island. The edgy cabinetry design by Ferrari stylist Pininfarina and the combination of Curry Yellow high gloss lacquer and stainless steel finish give the space a fun and dynamic personality. And this Cold Spring Harbor, NY kitchen sure makes for a bit of color therapy too: yellow is said to infuse energy and optimism, encourage communication and spark creativity!

The Stars of Bravo's "9 By Design" Make Guest Appearance at Snaidero USA New York's Media Day

On July 22, our [showroom](#) in New York's A&D Building became magazine editors' welcome refuge from the scorching heat of the summer. With our partner [CaesarStone](#) we hosted the media for a day of pampering and design and a chance to meet Bob and Cortney Novogratz, the enterprising design team who star in the new Bravo show "9 By Design." In this docu-series, the NYC-based couple tackles a variety of construction, design and decorating challenges against a ticking clock. Media guests enjoyed hors d'oeuvres, "American Beauty" cocktails with Bluecoat gin and a complimentary manicure and hand massage service provided by Spa Chicks On The Go.
