BLACK BEAUTY

Bringing color into the kitchen doesn't have to mean looking to the rainbow for inspiration: quiet black matte can be just as impactful and statement-making, as demonstrated by the latest addition to Brizo's high-fashion faucet line. Featuring a hidden pull-down wand, the Solna faucet makes a big impression with its articulating arm and fashion-forward finish. brizo.com

SHELF LIFE

It's no surprise that open shelving continues to be wildly popular in today's kitchen, but for lovers of color, this modern design device is even more effective. Stacking brightly colored bowls, glasses, mugs and ceramics can infuse happy hues into the most neutral of kitchens, making it the perfect solution for homeowners who are looking to play it a little safer but still want to incorporate an element of fun and whimsy into their rooms. This vignette from designer Emily Henderson shows that there are no rules when it comes to styling your shelves; just don't be shy to share your favorite pieces, regardless of color scheme or theme. stylebylemilyhenderson.com

FREE & CLEAR

Snaidero's newest introduction, Code, in collaboration with designer Michele Marcon, is challenging the kitchen's status quo with its innovative paint-by-number system. In Code, consumers can opt for cabinets in varying finishes and colors with an easy online ordering system that makes it a breeze to mix and match for infinite layout solutions. It's about as personal as you can get in the kitchen. snaidero-usa.com

BAKE OFF OFFICINE GULLO

Crafted from heavy-gauge stainless steel and solid brass, Italian manufacturer Officine Gullo's Grand Villa oven range is serious about both cooking *and* its own good looks. And the best part? The oven can be fabricated in literally any RAL color—Europe's version of the popular Pantone system—for endless opportunities for inspiration and customization. officinegullousa.com
