SNAIDERO USA CHOSEN AS SOLE KITCHEN CABINETRY PROVIDER FOR SUNNY ISLES' ULTRA-LUXURY CHÂTEAU BEACH RESIDENCES

LOS ANGELES, CA. -- June 2016 - Snaidero USA, the leader in North American imports of European kitchen cabinets, has been chosen as the exclusive kitchen cabinetry provider for the Château Beach project in Sunny Isles Beach. The 33-story, 81-unit beachfront residences are a product of Argentine's leading developer Château Group. Château Beach is the most recent luxurious property in the US market that has been added to Château Group's growing portfolio.

To compliment the exquisite interiors of the tower the Snaidero LOOK kitchen model was chosen for all 81-units. Château Group meticulously selected LOOK in a stunning custom Mother of Pearl White finish. The kitchen line was designed by Italian creator and 2015 Good Design™ Award winner, Michele Marcon, and is one of Snaidero's newest cabinetry lines. LOOK features a minimalist yet intimate design that is available in a variety of custom options and elegant details that blend the kitchen into the living area. This composition facilitates a livable and harmonizing space that Château Beach promises to its residents.

Built at the center of protected park land, the project will have over 22,000 square feet of sophisticated indoor and outdoor amenities – including a Wine Lounge, a Cigar Bar, and a wellness center - to rival those of the world's finest resorts. The building's design and architecture created by international architecture firm Arquitectonica, is inspired by the nearby beach dunes and the crystalline luminosity of the ocean waves that the tower will overlook.

Snaidero USA was uniquely qualified for the Château Beach complex because of its extensive experience working with developers in Florida and the Company's exceptional quality of products and customer service. Snaidero USA has completed over 55 projects in Florida and 170 total developments throughout the United States, Canada, and Central America, with more than 43,000 units installed to date. Snaidero USA has been dedicated throughout its 65 years to eco-sustainable materials and processes while delivering tailor made solutions.

“We are very honored to contribute to the high quality of living of Château Beach and work with Château Group, one of the few distinguished luxury developers of luxury residential communities”, stated Giulio Petrilli, VP of Multi-housing.
