The new **Clive Christian Alpha Deco** design evokes the opulence of the Deco era in a contemporary style. Unveiled at the 2016 Kips Bay showcase house, the handmade cabinetry is shown in a cool walnut finish and hand-painted Mother of Pearl white paint. Bespoke design services available, clivechristianinteriors.com

New from **Poggenpohl**, 16 glass fronts available in high-gloss and matte finishes. Giving a new visual depth, the glass fronts mounted on the cabinetry offer a smooth reflective surface. Poggenpohl.com

Eggersmann's brand new minimalist island, designed completely with Unique Carnico Grigio limestone, matching stone sink, and handleless channel, is shown coupled with their brushed Smoked Oak tall cabinets. The marriage of modern design and exquisite materials brings warmth to the kitchen while cleverly concealing appliances and a bar area behind pocket doors. Eggersman.com
