Kitchen Guide

**57 Hot in the Kitchen**  
Designers are throwing out the rule book, mixing colors and materials to create spaces that add a distinctive touch, from dark glamour to modern serenity.

**66 Island Life**  
Countertops, sinks, cabinetry: A kitchen system has it all figured out, down to the millimeter. We asked three industry experts to survey the options at top New York showrooms.

**72 Anything but Flat**  
White walls and counters meet their match in these daring surfaces made with everything from terra-cotta to volcanic ash.

**78 Machine Learning**  
The latest high-tech appliances do more than crisp the carrots and froth your flat white. Enter the ultra-smart kitchen essentials.

**82 Smooth Operators**  
A new crop of mega-blenders can chop and churn anything into a liquid feast.
