H01 ELEGANTE BESPOKE

Developed by Dario Snaidero, President, Snaidero USA

Pairing clean design with exclusive high-end finishes.
A kitchen for luxury homes designed to feel like a personal retreat.

STUNNING MATERIALS

Heartwood

As the innermost and supporting part of the tree, Heartwood is a warm wood with distinct character; eco-friendly and more resistant, more durable, and less permeable than other types of wood.

The perfect choice for the heart of your home.

Complementary Finishes

Heartwood pairs exceptionally well with the darker palettes that have come to define ultimate luxury, like our Ossido Nero laminam ceramic and the new Black super matt.

Complementary finishes include a variety of matte, high gloss, and metallic lacquers; glass; mica lacquers; melamine and laminates.

*Featured here: H01 ELEGANTE Bespoke in the custom combination of **Heartwood** and **Ossido Nero laminam ceramic**. Upper cabinets in **dark Grey bright glass** with frame in **Black aluminum**. Countertops and backsplash in **Ossido Nero laminam ceramic**.*

MODERN FUNCTIONALITY

H01 offers solutions for all **modern trends** in kitchen design: oversized islands with large work surfaces, countertops of different heights, storage units of varying depths, open shelves and display units, full pull-out systems to reach every corner and back of cabinets, breakfast/snack tables and more.

ARCHITECTURAL FEEL

Using clean aesthetics and essential volumes, H01 is designed to create an architectural kitchen that is not just a functional space but also an **environment of pure elegance** curated with custom features, handpicked finishes, and rare finds.

Kitchen that wows from every angle and elevates the entire home with its stunning presence.

MADE IN ITALY

All pieces and units are hand-crafted in Italy using state-of-the-art technologies, giving the guarantee of an **authentic made-in-Italy product**.
