Studio Snaidero DC Metro

Studio Snaidero DC Metro enhances clients' lives by providing exclusive products and design expertise

Named 2016 Showroom of the Year by *Kitchen & Bath Business*, Studio Snaidero DC Metro spotlights a wide selection of cabinetry made by Snaidero in Italy. Snaidero collaborates with renowned designers, including Paolo Pininfarina, to create its collections using materials ranging from exotic eucalyptus wood to industrial-style metals and polished glass. In addition to cutting-edge modern design, Studio Snaidero DC Metro has also incorporated traditional elements in its 1,941-square-foot showroom—which features four fully functional kitchens—to cater to the Washington market.

1130 North Fairfax Street, Alexandria, Virginia

WOW FACTOR

Studio Snaidero DC Metro designed an efficient kitchen for an Arlington family in sleek, modern style. White cabinets and countertops contrast with the kitchen's wooden floors.

LIMITED EDITION

Snaidero's limited-edition, Paolo Pininfarina-designed, OLA 25 kitchen is made of carbon fiber with a glossy, black-lacquer finish. Shown in Champagne Mica.
