Modern living
Tailored to adapt to small spaces, this modern kitchen has all the functionality and stylistic elements of a luxury kitchen.

Contemporary classic
The modern composition of the classic kitchen allows for individuality of design.

Wine time!
This elegant decanter easily and conveniently aerates to enhance the flavour, bouquet, and finish of any wine.

Pure indulgence
Cool off with rich homemade ice cream, fruitfully sorbet, ready in minutes.

Fashion forward
The tapered conical form of these stunning black and white striped vases, trimmed in 24-carat gold, is inspired by the shape of a space capsule.

More than just an open floor plan, the social kitchen is a design philosophy for the way we live. It's a complete environment where the love of cooking combines with enjoying time spent with family and friends. A flexible space that can tackle the demands of daily life, yet is inviting and comfortable for casual entertaining; the perfect space for socializing!

cucina gets social

Got a green thumb?
Season your homemade meals with fresh herbs, grown year round in your own kitchen.

5 tips to get the look

1. Design a floor plan that is open and allows for flow between spaces.
2. Bring back the eat-in kitchen; casual dining is integral to the social kitchen.
3. Don't forget to add an island; it's the perfect gathering spot.
4. Incorporate an artful mix of finishes, shapes and styles for visual interest.
5. Invite some friends over and cook up something to remember.
