Fine Italian Cabinetry Helps Modern Beach Residence Set Itself Apart

Location: Manhattan Beach, CA

Snaidero USA Los Angeles designer, Reba Sams collaborated with the developer of this new construction estate on the 625 sq.ft. kitchen and the cabinetry for five baths, a powder room, a laundry room, and four bedroom closets.

The modern architecture features white combined with a distinctive black detail finish which carries over into the interiors. The cabinetry needed to integrate within this motif while adding the warmer tones often desired in beach residences.

THE KITCHEN

Sitting in the middle of the main level floorplan, the kitchen offers a functional U-shaped layout with a 9 ft. floating island. It connects to the dining room through the pantry alley on one side, and to the family room and outdoor pool area through a breakfast bar on the opposite side.

Snaidero WAY cabinets in **Jazz Oak** melamine bring in the warm feel of wood and an interesting visual pattern. This is balanced by the **Arctic white** used for island, upper cabinets, and hood cabinet and the white quartz for countertops and backsplash. **Black fixtures** complete the design, which stands out even at a distance – from the pool deck area.

One of the tall cabinets needed to include a coffee machine, a warming drawer, and a speed oven stacked on top of each other. The channel profile of the WAY cabinetry was custom sized here to divide the appliances, creating an additional detail.

BATHS, POWDER ROOM, AND CLOSETS

Three of the five bathrooms (including the master bath) feature the same streamlined cabinetry style of the kitchen but this time in **Apache Eucalyptus**, another wood-textured finish that contributes a welcoming feel to modern spaces.

The other two bathrooms have Novello **Libera+ vanities** in white and black matte lacquer to echo the design theme.

Demonstrating the attention put in every part of the home, the powder room stuns with a sexy black and white palette punctuated by gold fixtures and a **Noir Desir laminam** sink.

Completing the design are four minimalist yet spacious bedroom closets with sliding doors. Shown finishes: Primofiore Canapa (doors) and Millerighe Perla (interior.)
