New Multi-Housing Project In Los Angeles

Snaidero USA Provides Cabinetry for The Addison Townhomes, Melrose Collection, Los Angeles

A collaboration between developer, **etco HOMES** and **Kevin Tsai Architecture**, **The Addison** is a sophisticated and boutique residential community of **28 two- and three-level townhomes** at the heart of Los Angeles' iconic Melrose District.

Snaidero USA had the privilege to supply the **cabinetry** for **kitchens, baths, linen cabinets, and laundry rooms**, with a variety of finishes to meet the three aesthetic themes that characterize the project: Nordic, Modern, and Urban.

Kitchen in Pewter Grey melamine, for the Urban theme

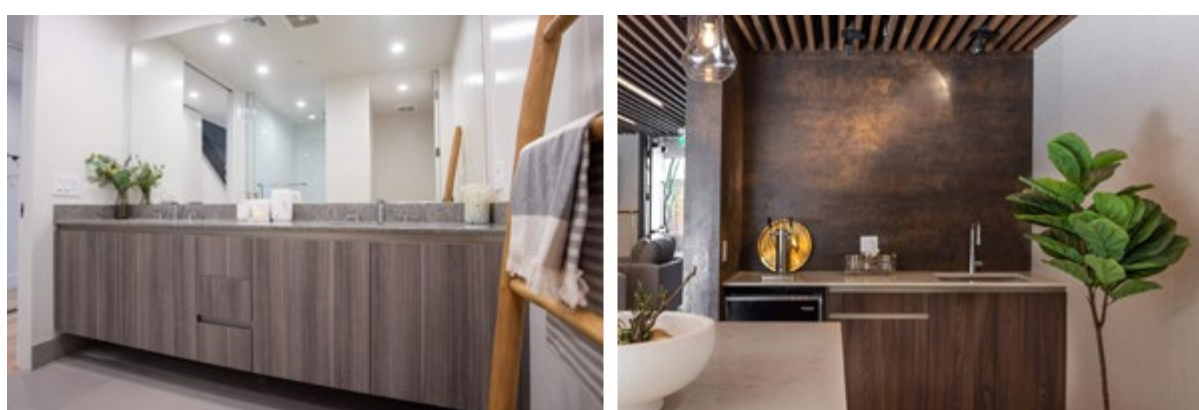

Clean lines and warm, neutral tones contribute to the inviting design, which includes spacious open layouts saturated in natural light with a seamless combination of indoor and outdoor living.

Snaidero cabinetry is also featured in the exclusive community lounge used for private events and gatherings.

"We love being able to contribute to the modern lifestyle that The Addison represents" says **Dario Snaidero, President of Snaidero USA**. "It achieves the perfect balance between exclusivity and simplified living, comfort and ease."
