New Multi-housing Project in Chicago

MULTI-HOUSING NEWS

Snaidero USA Is the Cabinetry Provider for The Residences at the St. Regis, Chicago

The Residences at St. Regis (formerly Vista Tower) are a luxury 393-unit Magellan Development project which surpassed the AON Center as **Chicago's third tallest building** (1,198 ft / 365m).

It is the **22nd luxury high-rise development** that Snaidero USA has **served in the city** in collaboration with its local partner, Studio Snaidero Chicago.

"We are so proud to be part of this stunning residential complex" says **Dario Snaidero**, President of Snaidero USA. "With **over 200 projects served across North America**, we have long proven to be a reliable choice for multi-housing developments promising the best of the best, combining product quality with attention to detail in both design and customer service."

The St. Regis order included **371 kitchens, 854 baths, 203 powder rooms**, and 47 laundry rooms. Cabinetry was also provided for the building's **22 custom penthouses**, 2 duplexes, and the **Level 47 Amenity Space** – a residents' area comprising a private kitchen, a wine lounge, a golf lounge, and grill area.

The cabinet finishes were customized to fit the project's gem-inspired design, which begins with the unique architecture created by award-winning architect, Jeanne Gang of **Studio Gang** and carries over into the themed interiors by **Hirsch Bedner Associates**.

The high-caliber residences attract high net-worth international buyers by offering 5-star amenities, a sophisticated modern design, sweeping views of the Chicago River and Lake Michigan, and walking distance to the Magnificent Mile – the city's high-end shopping destination.
