Congratulations To Our KBB and KBDN Awards Winners!

KBB KITCHEN OF THE YEAR

Design by: Shawna Dillon, [Studio Snaidero DC Metro](#)

What the KBB judges had to say: A great punch in a small space with a gorgeous combination of materials.

This Alexandria, VA remodel provides a more thoughtful kitchen layout without altering or enlarging the footprint. Appliances were relocated to promote better flow and every detail of the space was designed for the unique way in which the family uses the kitchen. The aesthetics explore the dichotomies between masculine and feminine, smooth and rough, refined and industrial, old and new to breathe personality into an otherwise unremarkable corner of the home.

KBB SHOWROOM OF THE YEAR & KBDN GOLD AWARD FOR BEST SHOWROOM

Design by: Brandy Cohen and Erika Klimenko, [Studio Snaidero Chicago](#)

What the KBB judges had to say: A showroom of superb execution because of its combination of versatile finishes and styles.

As Studio Snaidero Chicago's second location, [210 Design House](#) is a 8,000+ sq. ft. showroom in an 1800s building. The objective was to create a warm, approachable space featuring beautiful, functional, high-end cabinetry to spark the imagination across various tastes and aesthetics. Original building elements like beams, exposed brick, timber columns and an old elevator mechanism were preserved and incorporated into the design.

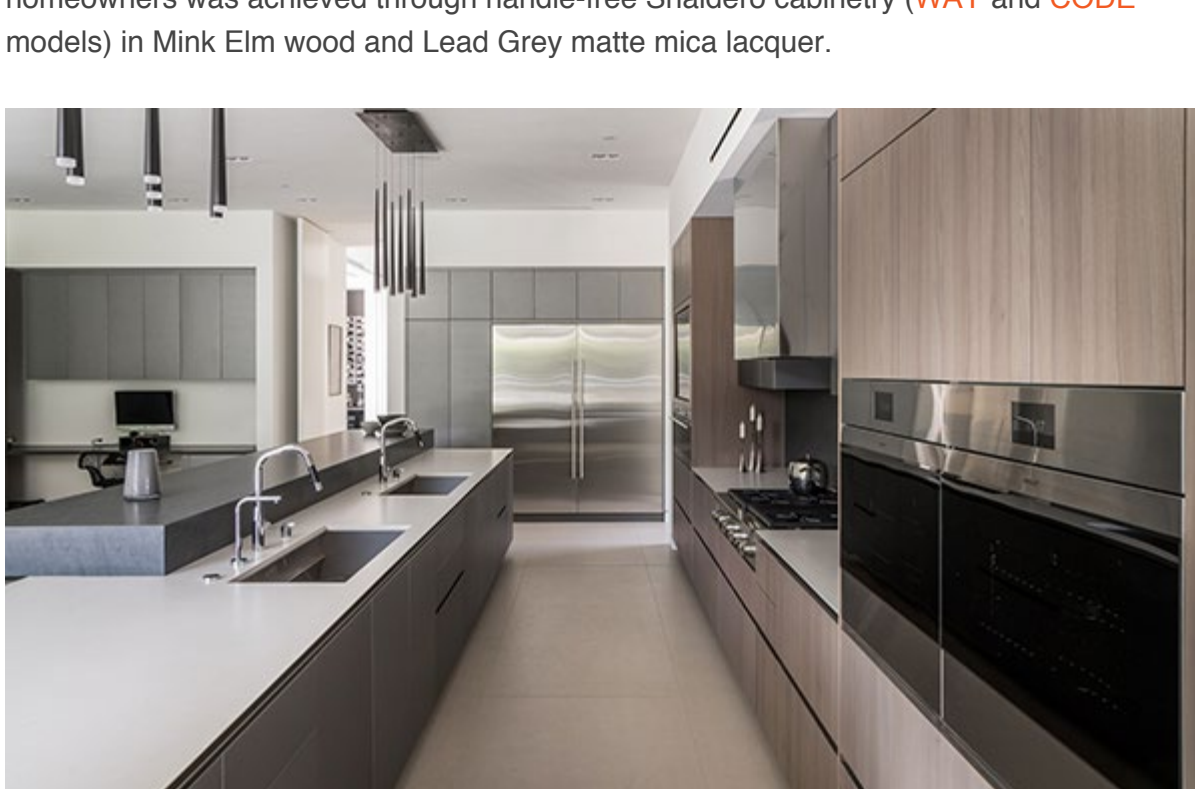

KBB HONORABLE MENTION – KITCHEN

Design by: Wendy Williams, [Snaidero USA Los Angeles](#)

What the KBB judges had to say: A great example of a disciplined designer creating architecture with cabinetry.

This 600 sq. ft. Beverly Hills kitchen allows the homeowners to cook, work, and entertain with direct access to the pool and outdoor cooking station, keeping all functional areas easily accessible through an optimal flow. The warm, modern look desired by the homeowners was achieved through handle-free Snaidero cabinetry ([WAY](#) and [CODE](#) models) in Mink Elm wood and Lead Grey matte mica lacquer.
